

Announcing the World's First and Only Water Shade Canopy Float Kit for Consumer Pop Up Canopies

Summer, 2019 -- Until now, standard pop up canopies have been stuck on the shore, but Water Shade has the solution to make your pop up canopy float on water.

APACHE JCT, AZ, UNITED STATES, May 15, 2019 /EINPresswire.com/ -- Apache Junction, AZ, Summer, 2019 -- Until now, standard consumer pop up canopies have been stuck on the shore, but Water Shade LLC has the solution to make your pop up canopy / portable shade float on the water. Introducing The Water Shade Canopy Float Kit!

The Water Shade Canopy Float Kit's patented design allows quick and easy setup with your pop up canopy on any body of water! The pool, lake, river or even on the ocean you will have shade. The Water Shade Canopy Float Kit consists of four inflatable pods, an air pump and tether that all easily store in the convenient sized breathable nylon tote bag included.

The tether allows for attachment to an existing anchor to help prevent the pop up canopy from drifting. Also available and sold separately is the Water Shade Wind Anchoring System that utilizes weighted nylon bags that attach to the bottom of the pods and aide in wind interference.

The idea to float a pop up canopy/portable shade came about when Water Shade's founders Jeff and Tom Downey were "boatin' and floatin'" and needed shade to minimize getting sunburned. "There has to be a way to float our canopy out here on the water" Jeff Downey stated, and that is when the idea of the Water Shade Canopy Float Kit was born.

Each of the canopy float kit's four inflatable pods is made of durable heavy duty PVC vinyl and securely attach to each of the tent leg stake holes (3/8" stake hole required) of most standard 10' x 10' pop up canopies with a custom designed quick flip clip.

So now you and your family can stay cool in the shade and protected from direct sunlight and harmful UV rays with a Water Shade Canopy Float Kit and your pop up canopy while on a boat in a cove, in a pool, along a lazy river or wherever the water takes you!
