

AssurX Names Stephanie McArdle as Vice President of Product Management for Life Sciences Industry

McArdle brings extensive practical expertise in quality process implementation in Life Sciences industry

MORGAN HILL, CA, UNITED STATES, May 16, 2019 /EINPresswire.com/ -- [AssurX](#), Inc. (AssurX), a leader in quality management and regulatory compliance software, today announced the appointment of [Stephanie McArdle](#) as Vice President of Product Management. McArdle will be responsible for overseeing the development and innovation of the AssurX QMS platform for the Life Sciences industry.

"Stephanie brings expertise in quality process implementation in Life Sciences as well as in-depth knowledge of the AssurX platform," said Tamar June, President, and CEO of AssurX. "Her experience building quality systems for several of the world's largest pharmaceutical companies is a great asset to AssurX. I am enthusiastic to have Stephanie join us to extend the possibilities of AssurX software in alignment with the needs of our customers."

McArdle brings more than 18 years of management and practical experience within GxP regulated environments, IT and finance. She most recently served as Associate Director, Global Quality Compliance and Surveillance at Takeda Pharmaceutical Company. Prior to her tenure at Takeda, McArdle worked at Baxter Healthcare as Quality Manager and Senior Business Systems Analyst. Her extensive background includes experience in [global cGMP regulations](#) and guidance and compliance. McArdle earned an MBA from Northern Illinois University and is certified as a Six Sigma Green Belt and Configuration Management II (CMII).

"As business, regulations, and compliance needs rapidly change, customers need a core system that is adaptable and future-ready; I've demonstrated this with the AssurX platform as a user," said McArdle. The company's strong vision combined with a collaborative relationship with its customers is a formula for long-term success. I look forward to the opportunity to help further develop this vision."
