

TBG Security Approved as a Vendor by the New Jersey Division of Gaming Enforcement

TBG Security's approval by the New Jersey Division of Gaming Enforcement positions them to provide cybersecurity services to the NJ Gaming Industry.

BOSTON, MA, UNITED STATES, May 16, 2019 /EINPresswire.com/ -- Massachusetts based [TBG Security, Inc.](#) is excited to announce their addition to the [List of Approved Vendors by the New Jersey Division of Gaming Enforcement](#). The Service Industry Licensing Bureau (SILB) assures the integrity of those persons and enterprises that provide goods or services to, or for the benefit of, the casino/hotel industry. Through its legal and investigative staff, members of the Service Industry Licensing Bureau register or investigate each person or enterprise that provides goods or services to a casino or applies for licensure as a casino service industry enterprise (CSIE) for compliance with the standards of honesty, good character and integrity required by the Casino Control Act (Act).

The importance of cybersecurity in the gaming industry is not a new revelation. Security will be of the utmost importance to state gaming commissions. States have a golden opportunity to get it right the first time and leverage the latest technologies and services. "We have continued our growth in 2019 by focusing on being the trusted advisor to our current customers and expanding our risk management offerings to meet the ever-changing threat landscape for cybersecurity," says CEO, Frank Murphy at TBG Security. "We are poised to provide cybersecurity and risk management services to an industry with large troves of sensitive consumer financial data and more cash transactions per minute than some of the world's largest banks. Our continued growth in the competitive cybersecurity space shows the trust our customers have in our abilities to guide them through the threats posed to today's businesses. We are proud of our industry knowledge, our hard-working employees and our fantastic customers."

TBG Security is a leading provider of information security and risk management solutions for Fortune 1000 and Fortune 500 companies.
