Produced by Andrew Luce [LANTERNS], the track bobs along on dreamy clean guitar, lush synths, and a slick and steady beat. Shades of alternative, electro, and pop glisten alongside his bright delivery. Everything builds towards a swooning and soaring refrain, “I’m diving head first hoping I can love you!”

About the track, Christian details the total infatuation hinted at by the lyrics. He explains, “You’re completely hooked on this person, and they don’t even know it. This song is confessing these feelings in sort of a hypnotic way - being helplessly obsessed.”

That feeling of obsession can also describe the enthusiastic embrace of Christian by fans and audiences everywhere. Following the release of last month’s breezy “[breaking all the rules](#)” and raw “[heavy snow](#)”, Christian’s music explores various soundscapes and emotions leaving listeners craving more.

Right now, he is hard at work on more music for release very soon as well as a Fall tour.

Get ready for more big news from Christian French soon.

Chances are, you’ll fall head first for him in 2019.
