According to Dr. Chevalier "I am very excited about the results we achieve with just one treatment, we not only see a significant difference through the data, but a physical difference in the performance of the patient. There is no reason that anyone should have to suffer with Concussion or Post Concussion Pain".

“

I am very excited about the results we achieve with just one treatment, we not only see a significant difference through the data, but a physical difference in the performance of the patient."

Dr. Antoine Chevalier

COO Ridell Mackey states, "We are extremely excited about the results and the opportunities, not only to treat Professional Football Players and Athletes here in the USA. We see the ability to treat Hockey Players in Canada, as well as Rugby, Soccer Players and all athletes throughout the world. Our ultimate goal is to train other professional in the medical community to duplicate this treatment and have clinics worldwide that not only treat Professional Athletes but treat high school and college students or anyone that is suffering with Concussion or Post Concussion Pain."
