

# "Just Before The Light" Contemplative Smooth Jazz Ballad from the Number One Billboard Album "Amsterdam"

USA, May 20, 2019 /EINPresswire.com/  
-- The New Zealand based contemporary jazz sensation GroovExpress returns to the music scene with the release of their single Just Before The Light. The track is a smooth jazz ballad from the number one Billboard album titled Amsterdam, which I had the honor of reviewing back in October of 2018.

Just Before The Light is a sophisticated but elegant composition that is sure to charm the ears of music fans across the globe. This wonderful composition has a tranquil musical landscape that comes to life through its vibrant bassline and brass measures that fall perfectly in balance with the track's organic vibe.

The track is led by a dialogue of acoustic and jazz guitars. Accents of the piano add to Just Before The Light's depth and structure. The mood of the composition is like a refreshing breeze on a summer night, wherein all can watch the sunrise. GroovExpress' inventive offering is memorable and soothing to the soul.
