Keeping with its stated mission to showcase a broad range of notable films that enrich lives, engage minds, and build community, the Beaufort Picture Show's kickoff summer season will present a slate of films featuring strong women characters and roles and voices -- from Ruth Bader Ginsburg to Aretha Franklin. Nice, huh?

“

There's a lot to like about Beaufort already--the beaches, the boats, the beers--but still, it's going to be *so much better* when you can catch a decent movie without leaving town. Thanks, BeauShow!”

*The Citizens of Beaufort,
North Carolina*
