

asTech® to Offer Vehicle Diagnostic and Calibration Services to Fix Auto USA

asTech® announces Fix Auto USA Partnership

PLANO, TEXAS, USA, May 22, 2019 /EINPresswire.com/ -- Plano, TX. (May 21, 2019) [asTech®](#), today, announced it has signed an agreement in which it will offer vehicle diagnostic and calibration services to the Fix Auto organization in the United States.

At asTech®, we protect people's lives by ensuring proper repair of automotive electronic systems"

Frank Terlep

Through this partnership, Fix Auto USA franchise locations will be able to utilize asTech® as an approved vendor to offer customers and insurance partners vehicle electronics diagnostic and calibration services for pre-repair and post-repair conditions.

asTech's diagnostic, calibration solutions, and technical

support team of ASE certified, and dealer trained technicians enable real-time collaboration, utilizing only OEM factory scan tools to diagnose and perform repairs efficiently.

"At asTech®, we protect people's lives by ensuring proper repair of automotive electronic systems," said Frank Terlep, Senior Vice President, Global Innovation. Terlep added, "By partnering with asTech®, Fix Auto USA and its franchise locations will get access to the latest tools, technologies, and techniques required to properly diagnose and repair today's and tomorrow's ADAS equipped vehicles."

"Ensuring that each vehicle, which we repair, is returned to its owner having followed proper procedures for complete safety and reliability is not only our first objective, but also our moral obligation," stated Landon Thompson Vice President of Operations, Fix Auto USA. "asTech® provides a system which we have been using and have validated as an effective tool to provide us critical insight to ensure we are properly aligned with developing OEM standards."

About asTech®
