

2 weeks until SMI's Pharma Microbiology West Coast Conference – Sold out

SMi reports: Only two weeks until SMI's 3rd Annual Pharmaceutical Microbiology West Coast taking place in San Diego on June 5-6 2019, the event has sold out!

LONDON, UNITED KINGDOM, May 22, 2019 /EINPresswire.com/ -- Rapid microbiological testing is gaining momentum in the global market as a reliable and cost-effective method to track and monitor all types of microorganisms in pharmaceutical application as well as in other industrial settings. In addition, rapid microbiology tests offer faster and more accurate methods to assist in the rapid detection of microbes and early diagnosis, therefore saving cost and inventory.

[Pharmaceutical Microbiology West Coast 2019](#)

will see the gathering of the pharmaceutical microbiology industry to bolster strategies that will improve contamination control and heightened microbial detection and identification. With over 5 hours of networking, attendees will have access to build relationships with companies across the pharma supply chain.

The Chair's invite letter and why it is important for you to attend the conference is available to download on [the event](#) website www.pharma-microbiology-usa.com/PR5

With only two weeks remaining, the event has nearly sold out! Please call Fateja Begum on +44 (0) 207 827 6184 or email fbegum@smi-online.co.uk who can assist you or secure your place instantly by registering online here www.pharma-microbiology-usa.com/PR5.

SMi's top spotlight sessions not to be missed include:

Jim Polarine, STERIS Corporation: Opening Address – A risk-based approach to cleaning and disinfection

- Overview of EU, US and global industry regulations for cleaning and disinfection
- Annex-1, FDA warning letters, and 483's expectations and considerations
- Current antimicrobial product in the industry and creating a cleaning and disinfectant programme
- Sterility relating to disinfectants and sporicides

Friedrich von Wintzingerode, Roche: Spotlight Session – Low Endotoxin Recovery (LER)

- What is Low Endotoxin Recovery (LER)?

The poster features a blue background with a hand holding a petri dish containing purple and white bacterial colonies. Text on the poster includes: 'SMI Presents the 3rd Annual Conference...', 'Pharmaceutical Microbiology West Coast', 'Bolstering Strategies to Maintain Contamination Control', '5 - 6 JUNE 2019', 'Hyatt Regency Mission Bay, San Diego, CA, USA', '#SMiPharmaMicroWC', and 'www.pharma-microbiology-usa.com'. Below the poster, the text 'Pharmaceutical Microbiology West Coast 2019' is displayed.

- BDA Technical Report No.18 Low Endotoxin Recovery
- QER impact on product quality
- Quality control strategies for LER

Irving Ford, Celgene Corporation: Case Study – Just in time release of CAR T Cell therapies

- A patient centric approach for release of CAR T Cell therapies
- Overview of rapid sterility testing of CAR T therapies
- Overcoming challenges and scope for the future
- B key lessons learned from A case study

Lucia Clontz, Xellia Pharmaceuticals: Opening Address – Contamination control in Drug Manufacturing

- Regulatory expectations for a contamination control strategy
- Types and potential sources of microbial contamination
- Best practices in management of microbial contamination, to include best practices in materials management, personnel training and growing as well as equipment, process, and facility design.

Plus, hands-on training through two pre-conference interactive workshops will take place June 4th, 2019 in San Diego.

- Workshop A: Assessing Holistic Approach to Microbial Contamination Control
- Workshop B: Reviewing the Road to a Holistic Approach to Microbial Impurities, Endotoxins and LER

You can download the updated brochure from the event website www.pharma-microbiology-usa.com/PR5

Proudly Sponsored By: Associates of Cape Cod, bioMérieux, Bioscience International, Charles River, DuPont, FujiFilm, Microbiologics and Millipore Sigma.

If you are interested in sponsoring, exhibiting or speaking at this event, please contact Alia Malick, Director, on +44 (0) 20 827 6168 or email amalick@smi-online.co.uk
