

Registration is now open for Lyophilization USA 2019 Conference

SMi Reports: SMi Group are delighted to announce that registration is open for the 5th Annual Lyophilization USA conference, taking place October 23rd-24th

BOSTON, UNITED STATES, May 22, 2019 /EINPresswire.com/ -- Despite being a relatively old process, there is much need for improvements in lyophilization to circumvent the high costs and extended process times.

Next year's projections for the lyophilization equipment market are approximately \$5.7 billion, which is 8% CAGR. This surge is fuelled by the urge to perfect lyophilization processes in areas that characterise the product to better inform formulation and process developments while consequently improving efficiency and reducing capital investment.

At the [5th Annual Lyophilization USA 2019](#) conference, convening in Boston, delegates can expect to explore novel and developing technologies that tackle the most pressing challenges and push innovation in the world of lyophilization.

[Featured Speakers include:](#)

- Bawiziya Ali, Senior Associate Scientist, Pfizer
- Bara Yazdi, Senior Scientist I – Vaccine Business Unit, Takeda
- Babrice Schlegel, Senior Engineer, Process Development, Amgen
- Claire Fontana, Principle Scientist, Sanofi R&D
- Tai-His Fan, Associate Professor, University of Connecticut
- Bernhardt Trout, Professor in Chemical Engineering, MIT

[A few event highlights include:](#)

- Explore the development of a lyophilized multidose vaccine via QbD approach from Takeda
- Examine the continuous lyophilization of unit doses from MIT
- Discuss the role of water in stability of freeze-dried products with Allergan

SMi Group Presents the 5th Annual Conference...

Lyophilization USA

OCTOBER 23 - 24 | BOSTON

WWW.LYOPHILIZATION-USA.COM

5th Annual Lyophilization USA 2019

- Gain insight into the prevention of cross contamination during lyophilization from SKAN
- Investigate ice crystal growth and dynamics of freeze concentration in bulk protein solutions with University of Connecticut

You can download the brochure with the two-day agenda on the event website:

www.lyophilisation-usa.com/einpr1

Plus, two half-day post-conference workshops on October 25th, 2019 are available:

- Workshop A: Current and Future Freeze-Drying Technologies and Methods
- Workshop B: Lyophilization Process Design for a Given Formulation. Principles of Process Scale Up and Transfer, Introduction to the Design Space

Registration is live on the website. An early bird saving of \$400 is available for bookings made before May 31st, 2019. You can register your place on the event website: www.lyophilisation-usa.com/einpr1
