

Announcing Curativa Bay Launches Line of Pharma Grade CBD in High Strength up to 1500 Mg

CBD Manufactured according to FDA Guidelines in a Pharmaceutical Setting by a Board Certified Pharmacologist. Settle for No Less with Curativa Bay

CLEARWATER, FL, UNITED STATES, May 27, 2019 /EINPresswire.com/ -- CLEARWATER, FL., MAY 27,2019 | PR NEWSWIRE/ - Curativa Bay Inc. (www.curativabay.com) uses organically grown, full spectrum [CBD](#) in our extensive product line. Upon Arrival at the facility our distilled CBD oil undergoes Pharmaceutical grade third party laboratory testing to determine the exact composition of cannabinoids (CBD THC CBC CBN etc.) and terpenes as well as for any potential toxicological contaminates. Once our oil is cleared for use, we add it to our proprietary blend of terpenes and plant extracts developed by our board certified toxicologist and pharmacologist. We then third party laboratory test a second time to ensure the [cannabinoid](#) content of the finished product is as advertised. When using Curativa Bay Products, we make sure you know you are getting the absolute best available.

Our Sublingual drops formulation is 3x stronger than many of our competitors and don't forget, concentration effects absorbtion. If the product is not concentrated enough, you will not receive the level of therapeutic benefits of the CBD

Our CBD is NON PSYCHOACTIVE meaning unlike the more popular THC, users will NOT feel high or stoned but will receive the powerful combatant against Anxiety, Srtress, Pain and Inflammation.

“

People that want to feel better, less stress, less pain and less inflammation, Trust Curativa Bay Organic CBD”
William Maher
