

# Divine Roofing, Inc. Wins Six Consecutive Pulse of the City News Customer Satisfaction Awards

*Colorado Springs roofing contractor continues its legacy of excellent customer service, receiving its sixth straight Pulse Award.*

COLORADO SPRINGS, COLORADO, UNITED STATES, May 28, 2019 /EINPresswire.com/ -- At [Divine Roofing](#), Inc. the goal is not just building roofs, but also building employees, building families, building relationships and building trust. Since the company opened its doors, it has maintained these goals while offering customers a great experience every time. [Pulse of the City News](#) has once again recognized the company's efforts, honoring it with its sixth consecutive [Pulse Award](#).

Divine Roofing, Inc. was established in 2012 out of a desire to provide the very best possible roofing services. From just a handful of clients that first year, the company has grown and has completed more than 4,000 full roof replacements for residential and commercial clients.

Just as in those early days, customer service has always been the foundation of Divine Roofing. "We approach each and every project with a listening ear to what our clients want, need and expect while advising them on the best possible roofing solution to meet those needs," says Owner Mike Moore. "We have also developed several systems to make certain that the process is fully understood by them from beginning to end."

To ensure that it is truly providing the best customer service, Divine Roofing uses a third-party company to survey its clients at the end of every project. "We then use the feedback gained from these surveys to help us continuously make the course corrections needed to remain a 5-star rated company," says Moore.

**“** We approach each and every project with a listening ear to what our clients want, need and expect while advising them on the best possible roofing solution to meet those needs.”

*Mike Moore*

One of the ways Divine Roofing serves its clients, even after the job is done, is through its annual maintenance program available for every roof it installs. "This gives our clients the peace of mind knowing that we are keeping an eye on their roof, and this enables us to catch any potential big problems in the early stages while they're only minor problems."

Divine Roofing Earns Sixth Consecutive Pulse Award

Another way Divine Roofing serves its customers is through cutting-edge technology to help streamline quality control, customer service and project management including aerial photography, specialized shingle-handling equipment, Green disposal, and the very latest project management applications that keep our team and our clients abreast of every project detail from the initial phone call to the issuance of the final warranties and beyond.

Divine Roofing has earned a reputation for producing consistently reliable work by partnering quality workmanship with a commitment to customer satisfaction. Moore credits his company's six consecutive Pulse Awards for Customer Satisfaction to providing customers with fair pricing, honest answers, solid advice, quality construction, communication and great follow up.
