[Office Supplies \(Except Paper\) Industry 2019](#)

Description:-

The office supply industry comprises revenues brought about by the retailing of office supplies in stores that primarily operate in selling these products. Items in the office supply market include paper, pencils and pens, business forms, stationery, storage containers and other forms of office equipment. Also included in this market are wholesalers offering paper, stationery, and office supplies for purchase. The predominant products in the office supply industry are office paper, labels, greeting cards, and general office supplies; combined, these items account for over half of the overall revenue for the market. Large retailers of office supplies purchase their stock specifically from manufacturers.
