WiseGuyReports.com adds "Global Asthma Drugs Market Insights, Forecast to 2025" reports to its database.

PUNE, MAHARASHTRA, INDIA, May 31, 2019 /EINPresswire.com/ -- Asthma Drugs Market:

Executive Summary

Asthma is a disease that affects the lungs and is characterized by wheezing, coughing, breathlessness, and chest tightness. It is a chronic ailment of the respiratory tract, which is caused by the obstruction of the flow of air and bronchospasms, where the muscles around the respiratory tract swell up. The disease is believed to be caused by genetic as well as environmental factors.

The American Academy of Allergy Asthma and Immunology classifies asthma under four categories: exercise-induced asthma, allergic asthma, occupational asthma, and childhood asthma. The Asthma and Allergy Foundation of America classifies asthma into two categories: allergic asthma and non-allergic asthma. It is an incurable disease but can be controlled with the help of diagnosis at the right time, followed by regular therapy.

The global Asthma Drugs market is valued at xx million US\$ in 2018 and will reach xx million US\$ by the end of 2025, growing at a CAGR of xx% during 2019-2025. The objectives of this study are to define, segment, and project the size of the Asthma Drugs market based on company, product type, end user and key regions.

This report studies the global market size of Asthma Drugs in key regions like North America, Europe, Asia Pacific, Central & South America and Middle East & Africa, focuses on the consumption of Asthma Drugs in these regions.

This research report categorizes the global Asthma Drugs market by top players/brands, region, type and end user. This report also studies the global Asthma Drugs market status, competition landscape, market share, growth rate, future trends, market drivers, opportunities and challenges, sales channels and distributors.

The following manufacturers are covered in this report, with sales, revenue, market share for each company:

Pfizer
GlaxoSmithKline
Novartis
Merck
Boehringer Ingelheim
AstraZeneca
Roche

Teva Pharmaceutical
Vectura Group

Market size by Product
Quick-relief Medications (Rescue Medications)
Medications for Allergy-induced Asthma
Market size by End User
Allergic Asthma
Non-Allergic Asthma

The study objectives of this report are:

To study and analyze the global Asthma Drugs market size (value & volume) by company, key regions, products and end user, breakdown data from 2014 to 2018, and forecast to 2025.

To understand the structure of Asthma Drugs market by identifying its various subsegments.

To share detailed information about the key factors influencing the growth of the market (growth potential, opportunities, drivers, industry-specific challenges and risks).

Focuses on the key global Asthma Drugs companies, to define, describe and analyze the sales volume, value, market share, market competition landscape and recent development.

To project the value and sales volume of Asthma Drugs submarkets, with respect to key regions.

To analyze competitive developments such as expansions, agreements, new product launches, and acquisitions in the market.

In this study, the years considered to estimate the market size of Asthma Drugs are as follows:

History Year: 2014-2018

Base Year: 2018

Estimated Year: 2019

Forecast Year 2019 to 2025

This report includes the estimation of market size for value (million US\$) and volume (K Units). Both top-down and bottom-up approaches have been used to estimate and validate the market size of Asthma Drugs market, to estimate the size of various other dependent submarkets in the overall market. Key players in the market have been identified through secondary research, and their market shares have been determined through primary and secondary research. All percentage shares, splits, and breakdowns have been determined using secondary sources and verified primary sources.

For the data information by region, company, type and application, 2018 is considered as the base year. Whenever data information was unavailable for the base year, the prior year has been considered.
