PUNE, INDIA, June 4, 2019
/EINPresswire.com/ --

A [café or coffeehouse](#) is a small restaurant serving coffee, beverages, and light meals.

The latest trend gaining momentum in the market is the demand for innovation and customization in food menus. Customers, at present, are looking for a combination of food with new and bold flavor blends. The demand for innovative and exotic

foods comes mainly from the millennials. In addition, they are looking for options to customize their meals based on their daily calorie intake. One of the major drivers for this market is the increasing number of cafes. The growing concept of socializing at cafes among the urban youth is expected to drive the market during the forecast period. According to the United Nations, in 2014, over 54% of the world population lived in the urban areas. The growth in the influx of people to urban areas and a substantially large white-collared demographic have brought out an increase in the number of foodservice outlets. Varied tastes and preferences for different types of premium coffee have further led to the emergence of specialty coffee shops. Leading cafe chains such as Starbucks, Costa Coffee, and Dunkin' Brands are opening their outlets in many developing economies of Asia and South America.

The global Cafes and Bars market is valued at xx million US\$ in 2018 and will reach xx million US\$ by the end of 2025, growing at a CAGR of xx% during 2019-2025.
