

Announcing the Grand Opening of Great White Car and Truck Wash: Calgary's Biggest & Best Car Wash

Located at 5421 Dufferin Blvd SE in Calgary, Great White Car and Truck Wash is the largest and most technologically advanced car and truck wash in Calgary.

CALGARY, AB, CANADA, June 4, 2019 /EINPresswire.com/ -- Area residents will be delighted by the news that the highly anticipated official Grand Opening of [Great White Car and Truck Wash](#) has finally arrived. Touted as the largest car wash in Calgary, the new premises offers the most technologically advanced car cleaning systems and services that simply can't be found anywhere else.

Matt Verity, VP of StoreWest Developments, says that a great deal of research and planning has gone into the design and development of the new facility.

"This is not your average car wash," Verity explains, "We are tremendously proud of this new facility, and we believe our multitude of services will provide huge benefits to our customers."

One of the biggest advantages that Great White has to offer is that it provides services for both passenger and commercial vehicles, and can even accommodate large trucks, semi-trailers, RV's, and heavy-duty construction vehicles.

Offering self-serve commercial truck and trailer washes, as well as Calgary's first fully automated big truck wash capable of cleaning a commercial vehicle in less than 20 minutes, Great White will be a boon to the hundreds of businesses in and around the city.

According to Verity, most of the existing automatic car washes in the area can only process between five and

eight cars per hour. Great White changes all of that with a state-of-the-art express tunnel capable of washing up to 110 cars per hour in an average of 3.5 minutes per vehicle.
