

ENAVATE Collaborates with Mavenlink to Connect Microsoft Business Applications

ENAVATE is helping with design and development of integrations for Microsoft Dynamics 365 for Sales and Microsoft Dynamics 365 for Finance and Operations.

DENVER, CO, USA, June 5, 2019 /EINPresswire.com/ -- [ENAVATE](#), a leading Microsoft Dynamics 365 provider, announced that they are building next-generation Microsoft integrations for [Mavenlink](#), a leading provider of cloud-based software featuring resource management, project management, collaboration, project accounting and business intelligence for professional and marketing services organizations.

ENAVATE is a valued Mavenlink client and partner with deep Microsoft skills and expertise. To accommodate customer demand, Mavenlink sought a seasoned Microsoft Dynamics expert to help build integrations into key CRM and financial modules of Microsoft Dynamics. Key requirements included speed to market and providing clients with a world-class integration and user experience.

To meet those requirements, Mavenlink commissioned ENAVATE to assist with design and development of robust integrations for Microsoft Dynamics 365 for Sales and [Microsoft Dynamics 365 for Finance and Operations](#). Those integrations automate project creation and demand forecasting from the CRM, while synchronizing time, expense, invoicing and cash information with the ERP system. Using Mavenlink M-Bridge and Microsoft Azure, the application enables a full quote-to-cash process for professional and marketing services businesses using Dynamics 365. The overall project includes integrations to Microsoft Dynamics 365, Enterprise Edition and Business Central.
