Mayar Capital's Managing Director, Abdulaziz A. Alnaim, commented 'We have often highlighted that one of the Mayar Partnership Principles is a focus on long-term results. While this is a common refrain investors hear from Fund managers, we believe that to be recognised for performance over 5 years is testament to a philosophy that consistently emphasises results over longer investment horizons.'

Since its inception in May 2011, Mayar Fund is up 117.29% net of all expenses and fees versus an 91.33% increase for the MSCI World Index. This corresponds to a 10.2% annualized rate of return for Mayar Fund, compared to 8.5% for the MSCI World Index.
