Stacy Savage

Ms. Savage added that Recruiting in Motion is excited to be entering the Portland market, offering a unique differentiator that sets us apart from competitors. In 2010, the organization introduced their exclusive "Visual Advantage" system. Developed in-house, this system allows employers to view a video-clip of a short-list of recruited candidates along with a personal profile and resume for each candidate. This unique way of presenting candidates greatly shortens the hiring cycle for prospective employers. Stacy adds: "RIM's Visual Advantage System

will not only streamline a company's hiring process, but it will also save them time and money by filling roles faster, and by supporting overall organizational needs".

Recruiting in Motion is looking forward to serving New England's recruitment needs while developing strong relationships with both candidates and employers.
