Nanny A. Aguirre has over 19 years of staffing industry experience and is partnering with Recruiting In Motion to open one of their newest locations in Central Florida. When asked what areas of specialization the Orlando office will focus on, Nanny said: "We are dedicated to representing the highest caliber of candidates with backgrounds in Accounting, Finance, Operations and Administration. We will work closely with organizations throughout the market, providing unsurpassed service and expertise".

“

RIM's Visual Advantage System will not only streamline a company's hiring process, but it will also save them time and money by filling roles faster, and by supporting overall organizational needs."

*Nanny Aguirre*

Ms. Aguirre added that Recruiting in Motion is excited to be entering the Orlando market, offering a unique differentiator that sets them apart from competitors. In 2010, the organization introduced their exclusive "Visual Advantage" system. Developed in-house, this system allows employers to view a video-clip of a short-list of recruited candidates along with a personal profile and resume for each candidate. This unique way of presenting candidates greatly shortens the hiring cycle for prospective employers. Nanny adds: "RIM's [Visual Advantage System](#)

will not only streamline a company's hiring process, but it will also save them time and money by filling roles faster, and by supporting overall organizational needs".

Recruiting in Motion is looking forward to serving Orlando, providing superior service to clients and helping candidates accomplish their career goals.
