

Utilities Market Expected To Reach A Value Of Nearly \$6146.6 Billion By 2022 Says TBRC

The Business Research Company offers Utilities Global Market Report 2019 from its research database.

Adaption Of Collaborative Robots, Implementing IoT Technology Are The Major Trends Witnessed In The Global Utilities Market"

Abdul Wasay

LONDON, GREATER LONDON, UK, June 18, 2019 /EINPresswire.com/ -- The global market for utilities is expected to reach a value of nearly \$6trillion by 2022, significantly growing at an annual rate of around 4% during the forecast period.

The utilities market consists of sales of electric power, natural gas, steam supply, water supply, and sewage removal services by entities (organizations, sole traders and partnerships) that provide electric power, natural gas,

steam supply, water supply, and sewage removal services. The market excludes waste management and remediation services which collect, treat, and dispose of waste materials; but do not use sewer systems or sewage treatment facilities.
