Prestigious Site Ranks Dedicated Developers as One of the Two Best Web Developers & Development Companies in the World!

ALPHARETTA, GEORGIA, UNITED STATES, June 18, 2019 /EINPresswire.com/ -- Dedicated Developers, a leading provider of digital business solutions, has been named the #2 website developer and development company in the world by Top Developers.

TopDevelopers.biz is known for identifying top development companies that offer breakthrough solutions and unprecedented client services. The site lists millions of web and [mobile app development](#) companies – helping businesses find the best technology partner for their projects.

“The fact that we are now ranked #2 out of millions of web developers is quite an honor,” said Vishal Bhatia, co-founder of Dedicated Developers. “There are many talented web development companies in the world and to be singled out for the service we provide is truly a terrific accomplishment – especially since the rankings are compiled by a highly respected company like Top Developers.”

Top Developers offers businesses a way to find talented developers who have the power and knowledge to turn a technological situation around for their company. Top Developers ranks web developers, mobile app developers, and e-commerce developers, among others.

Dedicated Developers offers website development and a number of other services including Mobile App Development, Software Development, Full-Stack Development, Cloud Computing Services, IoT Services, [Enterprise Mobility Solutions](#) and more to clients around the world.

The company has built its own team of highly qualified designers and developers who use the latest tools and frameworks to provide clients with the innovative solutions they need to grow. Clients who work with Dedicated Developers gain access to experts who are dedicated to designing, building and launching their app or web project in a timely manner.
