Prestigious Site Ranks Dedicated Developers as One of the Two Best Web Developers & Development Companies in the World!

ALPHARETTA, GEORGIA, UNITED STATES, June 18, 2019 /EINPresswire.com/ -- Dedicated Developers, a leading provider of digital business solutions, has been named the #2 website developer and development company in the world by Top Developers.

TopDevelopers.biz is known for identifying top development companies that offer breakthrough solutions and unprecedented client services. The site lists millions of web and [mobile app development](#) companies – helping businesses find the best technology partner for their projects.

“The fact that we are now ranked #2 out of millions of web developers is quite an honor,” said Vishal Bhatia, co-founder of Dedicated Developers. “There are many talented web development companies in the world and to be singled out for the service we provide is truly a terrific accomplishment – especially since the rankings are compiled by a highly respected company like Top Developers.”

Top Developers offers businesses a way to find talented developers who have the power and knowledge to turn a technological situation around for their company. Top Developers ranks web developers, mobile app developers, and e-commerce developers, among others.

Dedicated Developers offers website development and a number of other services including

The screenshot shows the 'Top Web Developers & Development Companies 2019' list on the Top Developers website. The page features a navigation bar with categories like Top App Developers, Top eCommerce Developers, Top Web Designers, Top Web Developers, Top Software Development, and Blog. The main content area displays a list of top developers, with 'Dedicated Developers' highlighted as the #2 ranked company. The entry for Dedicated Developers includes their website URL, a brief description of their services, and contact information. A 'Need Consultation?' form is visible on the right side of the page.
