

Arecont Vision Costar Joined by Desjardins Technologies for Eastern Canada

Desjardins Technologies Added to Arecont Vision Costar Manufacturer's Representative Program for Pre-Sales Coverage In Parts of Eastern Canada

LOS ANGELES, CA, UNITED STATES, July 9, 2019 /EINPresswire.com/ -- [Arecont Vision Costar](#), the leader in network-based video surveillance solutions, announces the addition of [Desjardins Technologies](#) to its Authorized Manufacturer's Representative Program to increase coverage for customers in Canada. Desjardins Technologies will deliver bilingual French and English pre-sales support in much of Eastern Canada, including the National Capital Region and the provinces of Quebec and New Brunswick.

"Desjardins Technologies brings a wealth of experience in both the Ottawa area and throughout the provinces of Quebec and New Brunswick," said Kyle Parker, Vice President, Americas, Arecont Vision Costar. "They offer expertise in both security and home automation systems that will be of benefit to our customers in this part of Canada, including for training and design assistance in both English and French."

offering that will benefit those in this part of Eastern Canada, just as it has across the United States and around the world.”

Desjardins Technologies and the other members of Arecont Vision Costar’s Manufacturer’s Representative Partner Program are focused on bringing the industry’s best, cyber-secure video surveillance offerings to their assigned regions. Participants in the program extend the reach of Arecont Vision Costar by providing expert pre-sales assistance while interfacing with and educating customers, system integrators, and distributors on available solutions for even the most challenging video surveillance requirements.
