

HPAPI USA 2019 – Insights into Accident Plans, Technological Innovations and Training

SMI reports: Taro Pharmaceuticals, Purdue Pharma and Sakari Consultants to present at HPAPI USA taking place on October 21st – 22nd in Boston

BOSTON, UNITED STATES, June 24, 2019 /EINPresswire.com/ -- With a massive growth within the HPAPI market, manufacturers cannot afford to be complacent in terms of staff training, utilization of approved technology and blueprint accident plans. Straying away from the correct procedures can have a massive affect on your business and industry.

At the inaugural [HPAPI USA conference](#), these issues will be discussed and give delegates the opportunity to hear from industry experts who will share their

experiences and arm attendees with the safety strategies to implement into their organization.

Ayasha Ovals from Taro Pharmaceuticals will provide a keynote address on Day One of the conference, where she will give insights into emergency procedures for HPAPI disasters and how to manage an accident, including long term cost savings, managing risk, fail-safe procedure and forward planning.

Industrial hygiene and potent compound containment will be discussed by Joseph Grill, former Associate Director from Purdue Pharma, where he will share insights on common pitfalls in industrial hygiene, flexible containment and the potential of hastening R&D.

Sakari Consultants, President & Principle, Patricia Weideman will focus on training and managing workers with HPAPI exposure, along with the best available techniques for cleaning and waste

A promotional banner for the HPAPI USA 2019 event. The background is a blurred image of a person in a white lab coat and hood looking through a microscope. The text is in blue and white. At the top, it says "SMI Presents the Inaugural Event". Below that, in large bold letters, is "Highly Potent Active Pharmaceutical Ingredients BOSTON, USA". To the right, in a white box with a blue border, is "OCTOBER 21-22, 2019". At the bottom, in a dark blue bar, is the website "WWW.HPAPI-USA.COM". Below the banner, the text "HPAPI USA 2019" is written in a smaller font.

management. She will also look at technological innovations for containment and transfer technologies, ensuring staff are sufficiently trained and ensure they understand the equipment they are utilising.

The programme with full speaker line-up is available to download at www.hpapi-usa.com/pr3

Plus, two HPAPI USA [Post Conference Workshops](#) will take place in Boston on October 23rd:

Workshop A: The roadmap from assessing HPAPI hazards to containment implementation along with CDMO dynamics hosted by Dr Janet Gould, Principal Toxicologist, SafeBridge Consultants and Charlyn Reihamn, Principle Occupational Health Consultant, SafeBridge Consultants

Workshop B: How to sell your containment project to management: financial justification for containment solutions hosted by Dr David Eherts, Vice President Global EHS, Allergan Inc

For those interested, an early bird saving of \$300 is available for conference tickets booked before Friday 28th June. Register online at www.hpapi-usa.com/pr3

Sponsored by BSP Pharmaceuticals, LONZA, Minakem, SafeBridge Consultants
