SEATTLE, WASHINGTON, UNITED STATES, June 25, 2019

/EINPresswire.com/ -- [Logic20/20](#), a business and technology consulting company, has been named one of Washington's [100 Best Companies to Work For](#) by its employees and Seattle Business magazine. Logic20/20 has been included on the Best Companies list since 2016, with this year marking its 4th consecutive year being honored. Logic20/20 took the 5th spot on the list in the [Large Company category](#), which includes companies that have more than 150 full-time employees.

Seattle Business magazine celebrated its 30th annual awards, saluting Washington companies that set the standard for executive leadership, benefits, rewards & recognition, corporate culture, training and more. They rate companies on the basis of confidential employee surveys weighted against the level of employee participation. It's a prestigious award and an honor to receive, as recognition is based on employee feedback.

Logic20/20 continues to be one of the Best Companies to Work For because they provide their employees with numerous opportunities to explore, learn, and collaborate. At Logic20/20, you can drive your own career by connecting with various mentors, and defining and achieving professional development goals. Everyone has the chance to contribute, work together, and rely on each other as teammates.

"At Logic20/20, one of our core values is creating a 'Culture of We', which focuses on going above and beyond to help each other, and leveraging individual strengths to benefit the whole.", says Christian O'Meara, CEO of Logic20/20. "Being included on the Best Companies to Work For list for 4 consecutive years shows that our 'Culture of We' approach is working, and a positive work environment goes hand-in-hand with professional happiness."

The formal announcement was made at the 2019 100 Best Companies to Work For dinner and awards celebration, held on June 20, 2019. Over 1,000 guests from companies on the list met at the Washington State Convention Center to hear the announcement and celebrate the honor.
