

Healthcare Professionals Enjoy National Discounts and Savings Through PerksConnect by Perks Group

RONKONKOMA, NEW YORK, USA, June 25, 2019 /EINPresswire.com/ -- The [Perks Group](#) national discount program delivers daily savings on a range of items to employees, students, and other professionals. Partnering with organizations like Middlesex Health, SEIU Nevada, and Montefiore Medical, Perks is able to provide healthcare professionals with regularly updated deals on a range of products and services.

An industry leader in affinity programs, Perks Group offers millions of professionals across the country exclusive access to savings and deals through the [PerksConnect program](#). Compiling updated lists of savings on everyday purchases and luxury items, [PerksConnect](#) rewards hard-working employees, dedicated students, leaders, alumni and more. The national network of savings delivers practical, useful discounts on brand name items in all fifty states.

The discounts offered through PerksConnect can be accessed in a number of ways, letting members shop as they normally would without the hassle of tracking points or keeping up with cards. If shopping online, members can enter a provided discount code or else click on a provided link. At brick-and-mortar locations, members can access instant savings by presenting printed coupons or codes found in their PerksConnect app on their smartphone. Members can even dial an 800-number and follow guided instructions to present discounts.

Through the program, members gain exclusive merchant deals on a range of products or services even as they travel. During their trip, members need only their smartphone app to search by zip code (or by city and state) for local discounts. In this way, Perks Group helps their members—who come from many professional walks of life—earn cash back in their pockets without a complicated point system or restrictions.

Healthcare groups from coast-to-coast (like Middlesex Health, SEIU Nevada, and Montefiore Medical) offer their employees useful Perks Group savings and give them more incentive to continue delivering exceptional work in their field.
