

MyPhonePouch Receives Gold Level Mom's Choice Award

The Mom's Choice Awards Names MyPhonePouch Among the Best in Family-Friendly Products

SUWANEE, GA, USA, June 26, 2019 /EINPresswire.com/ -- The Mom's Choice Awards® has named [MyPhonePouch](#) among the best in family-friendly media, products, and services. The MCA evaluation process uses a propriety methodology in which entries are scored on a number of elements including production quality, design, educational value, entertainment value, originality, appeal, and cost.

"We are thrilled to earn the Gold Level Mom's Choice Awards Honoring Excellence seal of approval," says MyPhonePouch Inventor, Founder, Owner, CEO, Allison Santini. "We know all the great things the MCA does to connect consumers, educators, and caregivers with the best products and services available for families and we are honored for the recognition of MyPhonePouch."

To be considered for an award, each entrant submits five (5) identical samples for testing. Entries are matched to evaluators in the MCA database. Evaluators are bound by a strict code of ethics not only to ensure objectivity but also to ensure that the evaluation is free from manufacturer influence. The five evaluations are submitted to the MCA Executive Committee for final review and approval.

"Our aim to introduce families and educators to best-in-class products and services," explains Dawn Matheson, Executive Director of the Mom's Choice Awards. "We have a passion to help

families grow emotionally, physically and spiritually. Parents and educators know that products and services bearing our seal of approval are high-quality and also a great value. The MCA evaluation program is designed to incorporate the expertise of scientists, physicians, and other specialists; but we also engage parents, children, educators, and caregivers because they are experts in knowing what is best for their families.”
