

# The #1 Stock Market Simulator Game on the App Stores ("Comish") adds Real DOW 30 Stocks in New Game Mode

*New competitive game mode features real NYSE stocks trading in real time.*

NEW YORK, NY, USA, July 11, 2019 /EINPresswire.com/ -- The new game mode is called "Investor Fight Club". It is available to play only during market hours and features 30 of the largest NYSE stocks including Apple Computers, Exxon, IBM, Nike and others, all trading in live time at their actual prices.

The goal of this mode is compete against other real players daily to see who can capture the highest portfolio gains and become that day's 'title belt' holder. Since this mode features real stocks trading at real prices, players who are familiar with day trading patterns will be able to utilize their knowledge and skills to gain an advantage.

New game "Comish" game mode features real NYSE stocks

This new game mode was designed by Jon Sheklow who was a professional stockbroker in New York City for over a decade.

“

Players who are familiar with day trading patterns will be able to utilize their knowledge and skills to gain an advantage.”
