

# Announcing the Opening of Desert Gardens Assisted Living & Memory Care in Tucson: Luxury Living at Affordable Rates

*This new assisted living home, located in the beautiful Foothills area, offers the support of compassionate, experienced caregivers.*

TUCSON, AZ, USA, June 30, 2019 /EINPresswire.com/ -- [Desert Gardens Assisted Living](#) is pleased to announce the opening of its brand new luxury home in the Foothills, offering a warm and inviting environment amidst spectacular mountain views. A ten-bed facility, the home is on a mission to enrich the lives of residents and their families and provide the best possible care in Tucson.

According to founder Charles Loschiavo, Desert Gardens is far superior to the average assisted living home because of the level of support it provides.

“Our caregivers are top notch,” says Loschiavo. “Each and every Desert Gardens employee was chosen for their caring nature, experience and professionalism. And we offer one-on-one care, which is really hard to find elsewhere.”

Loschiavo adds that Desert Gardens is fortunate to have Robin Duffy as their licensee house Manager and Administrator for her extensive experience in the industry and unparalleled care for seniors. Having successfully managed large facilities in Tucson, Robin was one of the individuals (along with Desert Gardens’ PRN Nurse) responsible for bringing the Eden alternative to the first facility in Arizona.

“

We can provide you with peace of mind in the knowledge that your loved ones are being cared for like family.”

“Robin is well regarded in the community and has an immaculate reputation,” adds Loschiavo. We are very excited to have her fully on board!” Loschiavo notes that although Desert Gardens only opened its doors in March of this year, it is already more than half full.
