More information is available on the Long Island Plumber company's website; <https://plumber.services-near-me.com/water-heater/hot-water-heater-repair-plumber-long-island/>

“

You will always know the full cost of the hot water heater repair prior to any work being done. That's not typical with most plumbers”

Rob P.

Plumber Long Island is a locally owned and family operated plumbing company in NY offering full-service plumbing and HVAC services for local Long Island customers. Their reputation for excellent service one of Long Islands premier emergency plumbing companies.

Customers know as soon as they experience Plumber Long Island's services, they are dealing with a plumber who goes the extra mile for their satisfaction. "Expert plumbing knowledge and training is a must with hot water heater

repair. They are much different than repairing a traditional water heater," says Rob P., Long Island Plumber company owner.

The company offers a range of services that set them apart from other plumbing service providers of Long Island by always offering free estimates on all their services. "You will always know the full cost of the hot water heater repair prior to any work being done. That's not typical with most plumbers," Rob explains. The benefit of free estimates is that all the pricing for each service is provided up front. This means there are no hidden extras or additional charges to worry about.

Regardless of the customer's needs, they can rely on Plumber Long Island for honesty, reliability, and loyalty. All plumbing services are carried out by trained and certified professionals, and customers have peace of mind from knowing that they will have thorough and dependable services.

The company states, "All our technicians are licensed and certified as well as highly trained to stay updated with the newest industry technologies. You'll get friendly plumbers and contractors with over 30 years of experience to provide superior services."

Among the services, the company offers are heater services for HVAC systems, residential boilers, and air conditioning. Plumbing services include plumbing system maintenance, clogged drain services, pipework, leak repair, and sump pumps.

Customers can avoid expensive plumbing system issues and improve the performance and longevity of their equipment through high quality and affordable services.

Further, [Plumber Long Island NY](#) is offering a \$25 coupon for all hot water heater repair services for all of 2019 and 2020 to kick things off. Those wishing to find out more can visit the company website above or download the coupon from their Google Page at: <https://posts.gle/tCCbo>
