

Modular Concepts, Inc. Completes Modular Building Project for DHS-CBP Laredo

FORT WORTH, TEXAS, UNITED STATES, July 3, 2019 /EINPresswire.com/ -- [Modular Concepts, Inc.](#) (MCI) a Texas based [SBA 8\(a\) certified](#) design-build modular construction firm announced today the completion of a three-module, 2,120 square foot administration building at the Laredo International Airport located in Laredo, Texas.

The U.S. Department of Homeland Security (DHS) Customs and Border Protection (CBP) awarded the project to MCI as an SBA 8(a) sole-sourced contract.

The modular facility will provide additional temporary space to support the ongoing mission of the [CBP, Air and Marine Operations \(AMO\)](#), Laredo Air Branch (LAB).

“The success of modular construction is that a building can be designed, built and installed in a matter of months and quickly alleviate a program and space requirement for our customers,” said Frank Sáenz, President of Modular Concepts, Inc. “The project was completed on-schedule, under budget, and the customer was very thankful for the attention to detail we offered.”

MCI designed, manufactured, and installed the structure, including all access decks and ramps. Additional scope of work included mechanical, electrical, plumbing, fire detection system, communications system, and utility connections.

The ADA-compliant office building’s floor plan includes an open administration cubicle area, a break-room area, seven offices, a conference and training room, LAN room, male and female restrooms, storage room, and a custodial closet.
