

Kassico Release new design for Truck Toolbox

NINGBO, ZHEJIANG, CHINA, July 4, 2019 /EINPresswire.com/ -- Kassico is a professional manufacturer of aluminum truck tool boxes, UTE canopies, dog boxes and aluminum tool cabinets used in pickups, trucks, UTEs, trailers, tractors and vans etc. Has 15000m² square of professional workshop with more than 200 set advanced equipment and 200 staffs, including 100+ workshop workers, 6 engineers for R&D team, 12 experienced QC, and 20 professional management team members etc. This new [Aluminum Truck toolbox](#) is made of aluminium alloy material. It has light weight, strong capacity, beautiful and generous, and is reasonable in design structure. Aluminum toolbox has its own characteristics, and its technology content is getting higher and higher. It plays a better protective role in the convenience of transportation and use of products. It is an ideal box for all kinds of high-end products.

Lightweight aluminum toolbox can be perfectly installed in pickup trucks, trailers, pumping trucks and other vehicles to store a variety of tools, such as loading and unloading tools, boards, safety chains, jacks, wrenches, prying bars, and even Holiday camping supplies.

Features:

High Corrosion Resistant Aluminum Toolbox

Secure storage of your device

High quality and durable appearance, rarely need maintenance

Lightweight aluminum reduces weight gain for tractors, trailers, or trucks

Seal ring design

Protect internal cleanliness and prevent other external factors such as rainwater from entering.

Made into various sizes, colors and styles.

Clean and Bright Aluminum Essence

Any size can be customized

Can be made into black, gray, silver and other surface treatment

Various shapes can be made according to requirements.
