Students struggle daily with the business of living. One of those factors is how to deal with bullying. The National Education Association (NEA - <http://www.nea.org/archive/53298.htm>) noted, "Bullying impacts approximately 13 million students every year, and some 160,000 students stay home from school each day because of bullying." The Way to Happiness Association Tampa Bay is taking action by educating youth on how to successfully conquer such conditions as bullying that they are likely to face in school.
