

Mississippi US Navy Veterans Mesothelioma Advocate Now Urges A Navy Veteran with Confirmed Mesothelioma in Mississippi To Call Them for Direct Access to Erik Karst of Karst von Oiste-Get A Better Compensation Result

JACKSON, MISSISSIPPI , USA, July 22, 2019 /EINPresswire.com/ -- The Mississippi US Navy Veterans Mesothelioma Advocate says, "We are urging a Navy Veteran who has just been diagnosed with mesothelioma to call us anytime at 800-714-0303 for direct access to attorney Erik Karst of the law firm of Karst von Oiste. Karst von Oiste is one of the nation's leading mesothelioma and asbestos exposure lung cancer law firms. Typically, we can have a Navy Veteran in Mississippi talking directly with managing partner Erik Karst about financial compensation and what is involved.

Talking directly with attorney Erik Karst is a much better option than calling a local car accident lawyer or order a 'free book about mesothelioma as we would be happy to discuss anytime."

Mississippi US Navy Veterans Mesothelioma Advocate

The Mississippi Mesothelioma US Navy Veterans Advocate's top priority is seeing to it that a Navy Veteran with mesothelioma or asbestos exposure lung cancer receives the very best possible financial compensation results. The reason the group has endorsed the law firm of Karst von Oiste is because they have been successfully representing Navy Veterans with mesothelioma for decades and they typically overachieve on compensation for their Navy Veteran clients. For direct access to attorney

Erik Karst the founding partner of Karst von Oiste please call 800-714-0303 anytime.

The Mississippi US Navy Veterans Mesothelioma Advocate offers their free services to US Navy Veterans with mesothelioma in Jackson, Gulfport, Southaven, Hattiesburg, Biloxi, Tupelo or

anywhere in Mississippi.

For the best possible mesothelioma treatment options in Mississippi the Mississippi US Navy Veterans Mesothelioma Advocate strongly recommends the following health care facility with the offer to help a diagnosed victim, or their family get to the right physicians at this hospital:

* University of Mississippi Medical Center
Jackson, Mississippi:
<https://www.umc.edu/cancerinstitute/>

Every US Navy ship vessel built up to 1980 contained asbestos. Extreme exposure to asbestos may have occurred to US Navy Veterans if they were assigned to a navy ship's engine room, as a machinists mate, electrician, plumber/pipefitter, mechanic, in engineering, as a repair crew member, as a crew member on a nuclear submarine or as a member of the Navy Seabees. Additionally, a US Navy Veteran could have received extreme exposure to asbestos if they were required to stay on their ship or submarine for a major repair, overhaul or retrofit at a shipyard. Asbestos exposure was so extreme on US Navy ships and submarines, about one third of all US citizens diagnosed with mesothelioma each year are Veterans of the US Navy. <https://USNavyMesothelioma.Com>

The states with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon. www.karstvonoiste.com/

For a listing of various classes of US Navy ships or submarines please visit the US Navy website on this topic: https://www.navy.mil/navydata/our_ships.asp.

For more information about mesothelioma please refer to the National Institutes of Health's web site related to this rare form of cancer: <https://www.cancer.gov/types/mesothelioma>
