

Mocom's Promotional Portable VR/3D Viewer/Glass is the Best Promotional Item for 5G Era

Mocom's patented VR Viewer offers a unique viewing experience. Enhance your branding and impress clients with your creative marketing strategy.

LOS ANGELES, CALIFORNIA, U.S.A, July 8, 2019 /EINPresswire.com/ -- The 5G communications era has dawned. The next generation technology can expand connectivity to more people and devices than ever before. Realizing the vision for 5G and meeting the requirements for a diverse set of use cases will require new ways of designing and delivering network connectivity and coverage.

Looking for a [best promotional solution](#) for 5G era? Thinking about having your own design or logo on the [VR viewer](#), but want something nicer than VR cardboard? Look no further! [Mocom](#) provides patented portable VR viewer with high quality and they can be even customized for you.

Mocom's portable VR viewer features specially designed custom lens, high quality plastic (ABS) material (not for one-time use and disposal), and patented technologies in USA. This amazing product can be used for educational purposes, product promotion, movie promotion, marketing, VR Concert, VR Real estate, VR cartoon, and as gifts for your friends or loved ones.

There are so many reasons to choose Mocom's VR Glasses/Viewer. The product is a genuine, unique product protected by patents in the USA and S. Korea. To provide the best visual experience, Mocom uses a specially designed custom lens for their
