

The SafeCare Group Launches AI Software to Prevent Hospital Acquired Infections

SafeCare AI - Intelligent Healthcare

LEXINGTON, KENTUCKY, USA, July 30, 2019 /EINPresswire.com/ -- [The SafeCare Group](#)® has launched the [SafeCare AI](#)™ Suite, a comprehensive Artificial Intelligence (AI) software suite to aid proactive real-time decision support and target opportunities of care to [prevent hospital-acquired infections](#).

“One out of every 25 hospitalized patients in the United States get a hospital-acquired infection,” stated Yisrael Safeek, MD, MBA, CEO and Chairman, The SafeCare Group. “This means that nearly 650,000 patients contract one of these infections annually. The overall direct cost of these hospital infections ranges from 28 billion dollars to 45 billion dollars annually.”

“

Artificial intelligence software offering predictive insights to aid proactive real-time decision support and target opportunities to prevent hospital onset infections”

reducing cost.”

Leveraging machine learning and deep-learning capabilities, SafeCare AI Suite fosters a new generation of AI applications, which are able to sense, reason, act and adapt, to address a range of healthcare challenges in areas such readmissions, medical errors, infections, cost, and outpatient utilization.

There are SafeCare AI applications to:

- Reduce Redundant Care
- Cut Avoidable Readmissions
- Lower Hospital Charges
- Reduce Inpatient Mortality

**Prevent
Hospital-Acquired
Infections**

Prevent Hospital Acquired Infections

- Prevent Hospital Infections
- Predict Sepsis Progression
- Improve Medication Safety

SafeCare AI Suite can be purchased as a standalone software platform or together with other software applications that can help hospital rankings.

About The SafeCare Group®

The SafeCare Group® was founded in 2010 and its motto is “Innovating, Disrupting, Transforming” healthcare. Since 2016, The SafeCare Group invested heavily into Artificial Intelligence (AI) software known as SafeCare AI to realize game-changing clinical, operational, and financial opportunities for hospitals. Since 2014, SafeCareSoft® SaaS solutions enable hospitals to take advantage of disruptive healthcare software known as Softwaring Healthcare Excellence® that optimize hospital ratings and regulatory accreditation. Since 2013, The SafeCare Group has provided the 100 SafeCare Hospitals® rankings. For more information about The SafeCare Group, visit www.safecaregroup.com
