

Cleargistix Partners with Avatar Systems to Bring Efficiency to Oilfield Companies

Cleargistix and Avatar Systems focused on helping oilfield companies utilize the power of digital information

USA, July 11, 2019 /EINPresswire.com/ -- FRISCO, TEXAS and MANDEVILLE, LOUISIANA – Avatar Systems, which develops oil and gas ERP solutions with over 1,000 client customers nationwide today announced a partnership with Cleargistix, a premier provider of digital field ticketing solutions for the oilfield. The partnership will focus on improving oilfield business processes by combining the companies' powerful and intuitive solutions to improve information collection, processing and workflows in the oilfield.

Cleargistix allows oilfield companies to digitally capture and manage a wide variety of billing, operations, payroll, safety, inspection and other information in an easy to use, cloud-based application. Combining this capability with Avatar's powerful suite of oilfield software will provide companies, a seamless, digital flow of information from the field to the office.

"A partnership with Avatar makes tremendous sense for Cleargistix," said Steven Toups, Cleargistix President and CEO. "We look forward to working with Avatar to help oilfield companies digitally capture, process and manage their information from the field, increasing efficiency and providing cost savings. At a time when competition is forcing oilfield companies to examine each and every part of their businesses, having the right information in the hands of the right people at the right time is critical."

"Avatar is excited to partner with Cleargistix to extend the field to back office digital data flow directly into our solutions," said Chuck Shreve, Avatar Systems President and CEO. "Cleargistix was an easy choice to provide such data flow and we look forward to providing this solution to our customer base and future customers. Today's oilfield demands a clear path for data to flow seamlessly to specified users to enhance decision making and shorten approval processes."

###

About Avatar Systems, Inc.
