SANTA CLARA, CA, USA, July 16, 2019 /EINPresswire.com/ -- Shreyans Zaveri is pleased to announce the release of his second novel, [Aarya](#), the first of its kind contemporary Indian fiction. Offering a fresh new take on Indian fiction and the fantasy genre, this fast-paced novel explores the current political scenario while at the same time intertwining a tale of thrilling suspense and intrigue.

Zaveri admits that the creation of Aarya required a great deal of research, which took him three years to put together. Some of the events in the story are based on true incidents, the characters are inspired from real people, and much of the narrative was derived from ancient Indian texts and scriptures.

"The story is set in modern times, but it is strongly rooted in Indian history, tradition and culture," says Zaveri. "I studied a variety of fascinating Hindustani texts and scriptures to help add more depth to the story, and what I learned gave me a deeper understanding of the world in which we live. It also, unexpectedly, gave me insights into my inner self. I hope it will do the same for you."

Aarya is already receiving rave reviews from readers the world over. It can be ordered on the [author's website](#), [Amazon](#) in Kindle or paperback, and many other online sources.
