Major Players Included In Global Animal Medicine Market Are Zoetis, Boehringer Ingelheim, Bayer, Elanco Animal Health, Ceva Santé Animale."

Abdul Wasay

LONDON, GREATER LONDON, UK, July 17, 2019 /EINPresswire.com/ -- The [animal medicine market](#) expected to reach a value of nearly \$54.32 billion by 2022, significantly growing at a CAGR of 12.6% during the forecast period. The growth in the animal medicine market is due to emerging markets growth, increased pet spending, increased pet ownership by gen X and Y adults.

However, the market for animal medicine is expected to face certain restraints from several factors such as shortage of veterinarians, non-availability of proper

resources cost.

The animal medicine market consists of sales of animal medicine and related services by entities (organizations, sole traders and partnerships) that produce animal medicine to treat animal diseases. This industry includes establishments that produce veterinary pharmaceuticals such as veterinary vaccines, veterinary antibiotics, and other veterinary pharmaceuticals. It also includes establishments that produce medical feed additives and nutritional feed additives.
