The regional analysis of global Trash Bags Market is considered for the key regions such as Asia Pacific, North America, Europe, Latin America and Rest of the World. The Asia Pacific is the leading region across the world. China is the largest trash bags market in Asia Pacific, followed by India. Countries like Italy, France are applying a complete ban on HDPE plastics bags that are meant for single use. Such bans, though restraining the growth of the market for HDPE garbage bags, help to reduce the harmful effects of plastic bags on the environment. This is one of the major restraining factors of the European market for garbage bag. Whereas, Asia-Pacific is also anticipated to exhibit highest growth rate / CAGR due to large volumes of produced garbage from urban agglomerations, over the forecast period 2019-2026.
