

New York US Navy Veterans Mesothelioma Advocate Now Appeals to a Navy Veteran With Mesothelioma in New York to Call For Direct Access To Erik Karst of Karst von Oiste To Develop a Plan For Much Better Compensation

NEW YORK, NEW YORK, USA, August 6, 2019 /EINPresswire.com/ -- The New York US Navy Veterans Mesothelioma Advocate is appealing to a Navy Veteran with mesothelioma anywhere in New York State or their family members to call them anytime at 800-714-0303 to discuss the mesothelioma compensation process and to get introduced to attorney Erik Karst of the New York based law firm of Karst von Oiste.

The law firm of Karst von Oiste is one of the nation's leading mesothelioma and asbestos exposure lung cancer law firms and they have decades worth of experience representing people with mesothelioma in New York-including US Navy Veterans.

www.karstvonoiste.com/

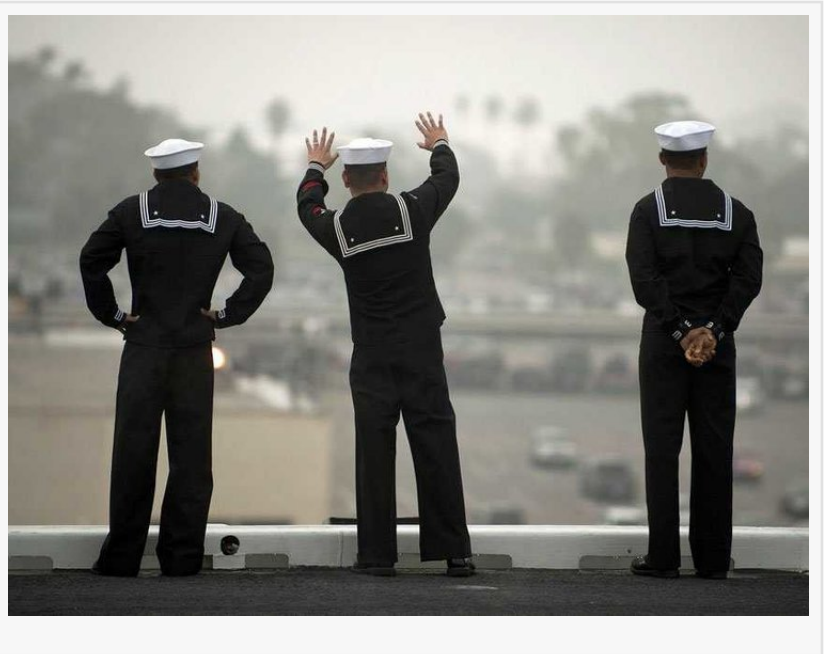

According to the New York US Navy Veterans Mesothelioma Advocate, "Our top priority is seeing to it that a Navy Veteran with mesothelioma anywhere in New York receives the best possible financial compensation results. We now offer a Navy Veteran with mesothelioma in New York a new service designed to ensure they list every type of asbestos exposure they experienced while serving in the navy. It is this information that becomes the foundation of their mesothelioma compensation claim and the more information they can provide-- in most circumstances the better their financial compensation results as we would like to discuss anytime at 800-714-0303.

"Something else we would like to do is if possible-see if the Navy Veteran with mesothelioma can

recall the names of their shipmates who may have witnessed their exposure to asbestos. As we would like to explain at 800-714-0303-having an eyewitness to asbestos exposure could potentially increase the compensation potential for the Navy Veteran with this rare cancer. When it comes to a Navy Veteran with mesothelioma our services are unsurpassed, and they are free."

Every US Navy ship vessel built up to 1980 contained asbestos. Extreme exposure to asbestos may have occurred to US Navy Veterans if they were assigned to a navy ship's engine room, as a machinists mate, electrician, plumber/pipfitter, mechanic, in engineering, as a repair crew member, as a crew member on a nuclear submarine or as a member of the Navy Seabees. Additionally, a US Navy Veteran could have received extreme exposure to asbestos if they were required to stay on their ship or submarine for a major repair, overhaul or retrofit at a shipyard. Asbestos exposure was so extreme on US Navy ships and submarines, about one third of all US citizens diagnosed with mesothelioma each year are Veterans of the US Navy. <https://USNavyMesothelioma.Com>

The states with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon.

However, based on the calls the US Navy Veterans Mesothelioma advocate receives a US Navy Veteran diagnosed with mesothelioma could live in any state including New York, Florida, California, Texas, New Hampshire, Vermont, Iowa, Indiana, Missouri, Kentucky, Tennessee, North Carolina, Georgia, Alabama, Mi
