

# North Carolina US Navy Veterans Mesothelioma Advocate Has Endorsed Attorney Erik Karst and A Navy Veteran with Mesothelioma in North Carolina Is Urged to Call for Direct Access to This Amazing Lawyer-Better Compensation

CHARLOTTE , NORTH CAROLINA, USA, August 7, 2019 /EINPresswire.com/ -- The North Carolina US Navy Veterans Mesothelioma Advocate says, "We have endorsed the law firm of Karst von Oiste for a Navy Veteran who has been recently diagnosed with mesothelioma anywhere in North Carolina. While there are no navy bases in North Carolina there are tens of thousands of Navy Veterans in this state. The lawyers at Karst von Oiste have been assisting Navy Veterans with mesothelioma for decades and they typically get the best compensation results for their Navy Veteran clients-nationwide.

"If you are a Navy Veteran with mesothelioma in North Carolina or their family members please call us anytime at 800-714-0303 so we can introduce you to famed attorney Erik Karst the founding partner of the law firm of Karst von Oiste and one of the nation's leading experts on mesothelioma compensation. If you want the best possible mesothelioma compensation you will need some of the nation's most skilled lawyers."

"We have endorsed the law firm of Karst von Oiste for a Navy Veteran who has been recently diagnosed with mesothelioma anywhere in North Carolina."

*North Carolina US Navy Veterans Mesothelioma Advocate*

The North Carolina US Navy Veterans Mesothelioma Advocate is now offering to assist a Navy Veteran with mesothelioma or their family members to prepare for the mesothelioma financial compensation process. Included in this new service is creating a list of the Navy Veteran's exposures to asbestos. "If you want to receive the very best possible mesothelioma compensation it is extremely

important to document your exposure to asbestos.

"As we would like to discuss anytime at 800-714-0303 it is where, when and how a Navy Veteran with mesothelioma was exposed to asbestos. If need be we will be happy to visit the Navy Veteran in their home to discuss their asbestos exposure face to face. Our top priority is that a Navy Veteran with mesothelioma receives the very best possible financial compensation results and we are serious about helping people like this and their family. We are a much better option than a free book about mesothelioma."

For the best possible mesothelioma treatment options in North Carolina the North Carolina US Navy Veterans Mesothelioma Advocate strongly recommends the following three health care facilities with the offer to help a diagnosed victim, or their family get to the right physicians at each hospital.

\* Duke Cancer Institute Durham, North Carolina: <http://www.dukecancerinstitute.org>

\* UNC Lineberger Comprehensive Cancer Center Chapel Hill, North Carolina: <https://unclineberger.org>

\* Wake Forest University Baptist Medical Center Comprehensive Cancer Center Winston-Salem, North Carolina: <http://www.wakehealth.edu/Comprehensive-Cancer-Center>

Every US Navy ship vessel built up to 1980 contained asbestos. Extreme exposure to asbestos may have occurred to US Navy Veterans if they were assigned to a navy ship's engine room, as a machinists mate, electrician, plumber/pipefitter, mechanic, in engineering, as a repair crew member, as a crew member on a nuclear submarine or as a member of the Navy Seabees.

Additionally, a US Navy Veteran could have received extreme exposure to asbestos if they were required to stay on their ship or submarine for a major repair, overhaul or retrofit at a shipyard. Asbestos exposure was so extreme on US Navy ships and submarines, about one third of all US citizens diagnosed with mesothelioma each year are Veterans of the US Navy. <https://USNavyMesothelioma.Com>

The states with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon. [www.karstvonoiste.com/](http://www.karstvonoiste.com/)

For a listing of various classes of US Navy ships or submarines please visit the US Navy website on this topic: [https://www.navy.mil/navydata/our\\_ships.asp](https://www.navy.mil/navydata/our_ships.asp)

For more information about mesothelioma please refer to the National Institutes of Health's web site related to this rare form of cancer: <https://www.cancer.gov/types/mesothelioma>
