

Hot Deals on Cool Appliances at the Appliances Connection 2019 Summer Sale

You'll find big savings on air conditioners, refrigerators, and so much more at the Appliances Connection 2019 Summer Sale.

BROOKLYN, NY, USA, July 18, 2019 /EINPresswire.com/ -- As summer continues, so too does the savings on the best home goods at [Appliances Connection](#). We're talking, of course, about the Appliances Connection 2019 Summer Sale. Act now because from July 18th until July 24th, this is the perfect time and place for you to take advantage of hot deals on cool items. For this limited window, we're slashing manufacturers' suggested retail prices (MSRP) and you don't want to miss out.

Many regions of the country are experiencing record heat waves and people are sweltering in their homes. They're realizing that it may be too late to invest in an air conditioning system. You don't have to be one of them. For as little as \$219.00*, you can get a GE AEM06LX window air conditioner.

That's 20% off MSRP. With 6050 BTUs of cooling power, you'll be sitting in comfort without a care for the world outside. Need relief from high temperatures in multiple rooms? Consider the Friedrich MR36TQY3JM29K212K 4-zone mini-split HVAC system. You'll be able to discretely regulate the temperature in four rooms without the need for elaborate ducting in your home. What's more, this system has heating capabilities which will be invaluable if you live in an area with frigid winters. All this can be had for \$4,135.00*, which is \$413.00 less than MSRP.

“

Summer was our best season: it was sleeping on the back screened porch in cots, or trying to sleep in the tree house; summer was everything good to eat; it was a thousand colors in a parched landscape”

Harper Lee, To Kill a Mockingbird

Another concern during hot summer months is it's usually the time when older refrigerators cease functioning. Extreme temperatures work vital compressors and evaporators to their breaking points, sometimes resulting in malfunctions that are just beyond repair. Once again, Appliances Connection has your back. You can replace this indispensable appliance at the bargain price of \$983.00* (a 13% savings off MSRP) with the FFBN1721TV French door

refrigerator from Frigidaire. Its impressive 17.4 cu ft total capacity and dual evaporators make this an ideal fridge in which to store your fresh and frozen foods.

Perhaps you've been looking for an upgrade to a luxury refrigerator. Behold this massive Fisher & Paykel 60-inch column set. This behemoth consists of the RS3084SRK1 30-inch built-in refrigerator column and the RS3084FLJK1 30-inch built-in freezer column. Fisher & Paykel's proprietary ActiveSmart technology uses microprocessors and interior temperature sensors to precisely control temperatures for virtually any food. This model is also panel ready so it can be fitted with custom cabinetry to seamlessly blend into your kitchen. At \$13,398.00*, this price tag is certainly not for the faint of heart, but this is down \$8,172.00 from MSRP.
