Important Note from The US Navy Veterans Mesothelioma Advocate; "We want to make certain a Navy Veteran with mesothelioma in not unknowingly talking with a mesothelioma marketing law firm that signs up people with mesothelioma and then brokers with other law firms

to do the actual work. The going rate for the best mesothelioma lawyers in the nation is 33.3% of the gross compensation results-not 40% as most marketing law firms charge. Every US Navy ship vessel built up to 1980 contained asbestos. Extreme exposure to asbestos may have occurred to US Navy Veterans if they were assigned to a navy ship's engine room, as a machinists mate, electrician, plumber/pipefitter, mechanic, in engineering, as a repair crew member, as a crew member on a nuclear submarine or as a member of the Navy Seabees. Additionally, a US Navy Veteran could have received extreme exposure to asbestos if they were required to stay on their ship or submarine for a major repair, overhaul or retrofit at a shipyard. Asbestos exposure was so extreme on US Navy ships/submarines, about one third of all US citizens diagnosed with mesothelioma each year are Veterans of the US Navy.
