

South Carolina US Navy Veterans Mesothelioma Advocate Urges A Navy Veteran with Mesothelioma in South Carolina to Call for Direct Access to Erik Karst of Karst von Oiste-Don't Play Lawyer Compensation Roulette

COLUMBIA, SOUTH CAROLINA , USA, August 20, 2019 /EINPresswire.com/ -- The South Carolina US Navy Veterans Mesothelioma Advocate is urging a Navy Veteran with mesothelioma anywhere in South Carolina or their family to call them anytime at 800-714-0303 for a brief explanation of the process and to direct access to attorney Erik Karst of the law firm of Karst von Oiste. Erik Karst is one of the nation's leading legal experts on mesothelioma compensation. The Advocate has endorsed the law firm of Karst von Oiste to help Navy Veterans with mesothelioma in South Carolina and nationwide because these amazing lawyers consistently get the best mesothelioma compensation results for their Navy Veteran clients."

“

"To ensure the best mesothelioma compensation results happen we will work with the Navy Veteran to develop a list of their asbestos exposures while serving in the navy or post navy."

South Carolina US Navy Veterans Mesothelioma Advocate

The Advocate says, "Our number one priority is seeing to it that a Navy Veteran with mesothelioma receives the best possible financial compensation results. To ensure the best mesothelioma compensation results happen we will work with the Navy Veteran to develop a list of their asbestos exposures while serving in the navy or post navy. It is this vital information that becomes the basis for a mesothelioma compensation claim as we would like to explain at 800-714-0303.

"If the Navy Veteran is extremely sick-we would be happy to visit the Navy Veteran with mesothelioma in their home to develop this list. There is not much we will not do for a Navy Veteran with mesothelioma and we want to emphasize our service is

free."

Important Note from The US Navy Veterans Mesothelioma Advocate; "We want to make certain a Navy Veteran with mesothelioma in not unknowingly talking with a mesothelioma marketing law firm that signs up people with mesothelioma and then brokers with other law firms to do the actual work. The going rate for the best mesothelioma lawyers in the nation is 33.3% of the gross compensation results-not 40% as most marketing law firms charge. We are advocates for Navy Veterans with mesothelioma and we do not want to see them get overcharged on lawyer fees or expenses as we'd be happy to discuss at 800-714-0303."

For the best possible mesothelioma treatment options in South Carolina the South Carolina US Navy Veterans Mesothelioma Advocate strongly recommends the following health care facility with the offer to help a diagnosed victim, or their family get to the right physicians at this hospital. Medical University of South Carolina: www.hollingscancercenter.org/

Every US Navy ship vessel built up to 1980 contained asbestos. Extreme exposure to asbestos may have occurred to US Navy Veterans if they were assigned to a navy ship's engine room, as a machinists mate, electrician, plumber/pipefitter, mechanic, in engineering, as a repair crew member, as a crew member on a nuclear submarine or as a member of the Navy Seabees. Additionally, a US Navy Veteran could have received extreme exposure to asbestos if they were required to stay on their ship or submarine for a major repair, overhaul or retrofit at a shipyard. Asbestos exposure was so extreme on US Navy ships/submarines, about one third of all US citizens diagnosed with mesothelioma each year are Veterans of the US Navy. <https://USNavyMesothelioma.Com>

The states with the highest incidence of mesothelioma include Maine, Massachusetts,

Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon. www.karstvonoiste.com/

For a listing of various classes of US Navy ships or submarines please visit the US Navy website on this topic: http://www.navy.mil/our_data/our_ships.asp.

For more information about mesothelioma please refer to the National Institutes of Health's web site related to this rare form of cancer: <https://www.cancer.gov/types/mesothelioma>.
