

# Agrochemicals Market 2019: Global Analysis, Share, Trends, Application Analysis and Forecast To 2024

*Agrochemicals -Market Demand, Growth, Opportunities and Analysis Of Top Key Player Forecast To 2024*

PUNE, MAHARASHTRA, INDIA, July 31, 2019 /EINPresswire.com/ -- [Agrochemicals Industry](#)

## Description

The global agrochemical market should reach \$266.0 billion by 2021 from \$213.2 billion in 2016 at a compound annual growth rate (CAGR) of 4.5%, from 2016 to 2021.

This research report presents an in-depth analysis of the global agrochemical market by product type and regional geographic markets. It covers the major categories of agrochemicals used for crop protection across the globe. The evolving trends and ongoing research and developments in the field of agrochemical developments have been studied in detail. The report analyses the active ingredients used in the market and not the formulations.

This study highlights the emergence of genetically modified crops, the importance of crop protection, and the pros and cons of pesticide use. Special importance has been given to key market developments such as collaborative activities, important acquisitions, new product launches and strategic agreements between top players. An analysis of the key drivers and factors either affecting or influencing the growth of this market is also included in this report. The analysis also includes the current and projected markets for agrochemicals across geographic regions while considering different parameters (e.g., government regulations, climatic conditions and crop production).

The global agrochemical market is mainly segmented into types and regions. Types of agrochemicals are principally categorized into pesticides and fertilizers. Pesticides primarily include herbicides, insecticides and fungicides. Nitrogenous, phosphatic, potassic and biofertilizers are covered under the fertilizer category. In terms of geography, the market is categorized by North America, Europe, Asia-Pacific and the rest of the world (ROW). ROW primarily consists of economies such as Brazil, Argentina, Egypt, South Africa, Chile, Colombia, Turkey, Iraq, Bahrain, Kuwait, Oman, Qatar, Saudi Arabia

and the United Arab Emirates.
