

# Delivering the Dream - Dubai Hills Estate

DUBAI, UNITED ARAB EMIRATES, August 1, 2019 /EINPresswire.com/ -- [Dubai Hills Estate](#), launched in 2013, is easily one of the most hotly anticipated communities in Dubai and is in the process of welcoming its first group of residents. What was once simply an architect's dream relayed via blueprints and community plans is now a magnificent reality and set to be a haven of luxury living.

With an area in excess of 117 million square feet and a plethora of residential options from lavish mansions to comfortable apartments, Dubai Hills Estate offers something for every lifestyle.. The centrepiece of the community, the 18-hole Dubai Hills Golf Course, opened at the end of 2018, with Dubai Hills Park and Dubai Hills Mall set to be ready and open over the next few months. In 2018, the community also saw the opening of the prestigious King's College Hospital, with additional healthcare facilities and international schools to come in the near future.

The following projects are ready for move in. All of the homes are unfurnished and unlandscaped, though have been fitted out and finished to exceptional standards and offer a perfect blank canvas for the discerning homeowner.

[LuxuryProperty.com](https://www.luxuryproperty.com), this is an exciting new chapter in Dubai's property market. "For the past few years, people have been seeing the ongoing construction as they drive along Umm Suqeim Street and Al Khail Road and that has helped build the buzz about the community," says Liam. "I have had many clients who have been inquiring about these homes for some time and now they can finally see them up close and take a walk around inside."

"The projects that are currently being released feature cleverly designed layouts that maximise the use of interior space and are finished to the very highest standards. They have definitely exceeded my own expectations and are far beyond similar offerings we have seen in the past."
