This year, the United Nation's message for the 11th Annual World Humanitarian Day is to honor women who've made extraordinary efforts to help during various crises around the world.

The 2019 campaign is especially honoring women who've stepped up to address natural and man-made disasters despite difficulties and danger.

Scientology Volunteer Ministers:

The Scientology Volunteer Minister (VM) program was launched more than thirty years ago, in response to an appeal by Scientology founder [L. Ron Hubbard](#). Noting a tremendous downturn in the level of ethics and morality in society, and a consequent increase in drugs and crime, Mr. Hubbard wrote, "If one does not like the crime, cruelty, injustice and violence of this society, he can do something about it. He can become a VOLUNTEER MINISTER and help civilize it, bring it conscience and kindness and love and freedom from travail by instilling into it trust, decency, honesty and tolerance." The program has adopted the slogan "Something Can Be Done About It".
