

# Dry Construction Material Market 2019 Global Trend, Segmentation and Opportunities, Forecast 2024

*WiseGuyReports.com adds "Global Dry Construction Material Market: Analysis by Material, Application, Opportunities & Forecast 2014-2024" reports to its database*

PUNE, MAHARASHTRA, INDIA, August 2, 2019 /EINPresswire.com/ -- Dry Construction Material Market:

## Executive Summary

A comprehensive research report created through extensive primary research (inputs from industry experts, companies and stakeholders) and secondary research, the report aims to present the analysis of Global Dry construction Material Market. The report has analysed the Dry construction Material Market by Material Type (Metal, Wood, Gypsum Board, Plastics, Others), By Application Type (Wall, Ceiling, Flooring, Others) and by End Users (Residential, Non-Residential). The Global Dry Construction Material Market has been analysed By Region (America, Europe, Asia Pacific, MEA) and By Country (United States, Canada, Mexico, Brazil, United Kingdom, Germany, France, Italy, China, Japan, India) for the historical period of 2014-2018 and the forecast period of 2019-2024.

The Global Dry construction material Market was valued at USD 71,281.11 Million in the year 2018. Key drivers for high demand of dry construction materials include product performance, durability and growing adoption in developed and developing countries. Additionally, growth in per capita income and rising concern for the utilization of light weight products boost the demand of gypsum board, glass and wood. Global dry construction material market is influenced by the residential and commercial construction and residential and commercial remodelling end-use markets. The market is influenced by many factors which includes increasing adoption of energy & resource efficient construction methods, rising global construction & infrastructure development activities and changing preferences of people towards sustainable building techniques.

The report titled "Global Dry Construction Material Market: Analysis By Material (Metal, Wood,

Gypsum Board, Plastic, Others), By Application (Wall, Ceiling, Flooring, Others), End Users (Residential, Non-Residential), By Region, By Country (2019 Edition): Opportunities and Forecast (2014-2024) - By Region (Americas, Europe, Asia Pacific, MEA), By Country (US, Canada, Mexico, Brazil, UK, Germany, France, Italy, China, Japan, India)" has covered and analysed the potential of global dry construction material market and provides statistics and information on market size, shares and growth factors. The report intends to provide cutting-edge market intelligence and help decision makers take sound investment evaluation.

## Scope of the Report

Global Dry construction Material Market (Actual Period: 2014-2018, Forecast Period: 2019-2024)

- Market Sizing, Growth, Forecast
- Analysis by Material – Metal, Wood, Gypsum Board, Plastics, Others
- Analysis by Application - Wall, Ceiling, Flooring, Others
- Analysis by End Users- Residential, Non-Residential
- Market Opportunity Charts - By Material, Application, By End-User
- Competitive Landscape – Market Share Analysis

Regional Dry construction Material Market - Americas, Europe, Asia Pacific, ROW (Actual Period: 2014-2018, Forecast Period: 2019-2024)

- Market Sizing, Growth, Forecast
- Analysis by Material – Metal, Wood, Gypsum Board, Plastics, Others
- Analysis by Application - Wall, Ceiling, Flooring, Others
- Analysis by End Users- Residential, Non-Residential
- Market Opportunity Charts - By Country
- Leading Companies

Country Analysis – Dry Construction Material Market - United States, Canada, Mexico, Brazil, United Kingdom, Germany, Italy, France, China, Japan, India (Actual Period: 2014-2018, Forecast Period: 2019-2024)

- Market Sizing, Growth, Forecast
- Analysis by Material – Metal, Wood, Gypsum Board, Plastics, Others
- Analysis by Application - Wall, Ceiling, Flooring, Others
- Analysis by End Users- Residential, Non-Residential
- Leading Companies

## Other Report Highlights

- Strategic Recommendations
- Market Dynamics – Trends, Drivers, Challenges
- Company Analysis – Etex Group, Saint Gobain, Armstrong World Industries Inc., Xella Group, Knauf, Fletcher Building, CSR Limited, Pabco Gypsum, Boral Limited, Kronospan

## Customization of the Report

The report could be customized according to the client's specific research requirements. No additional cost will be required to pay for limited additional research.

## Table of Contents

1. Research Methodology
2. Executive Summary
3. Strategic Recommendations
4. Global Dry construction Material Market: Product overview
5. Global Dry construction Material Market Dynamics
6. Market Share of Leading Global Companies
7. Global Dry construction material Market Analysis
8. Global Dry Construction Material Market: Regional Analysis
9. Americas Dry construction material Market Analysis
10. Europe Dry construction material Market Analysis
11. Asia Pacific Dry construction material Market Analysis
12. Rest of World Dry construction material Market Analysis
13. Company Profiles

Continuous...
